BUSINESS PARTNER

Distributed by Brillhome for Chogan Group S.p.A. – Registered Office: via A. Olivetti, 24 - 00131 Rome (RM) Headquarters: via A. Riccheo, 7 - 76121 Barletta (BT) – ITALY www.chogangroupspa.com

DESCRIPTION

Saverwash is a degreasing, descaling, sanitizing and odour-removing detergent designed for regular and extraordinary maintenance of washing machines. Its effective formula removes grease, limescale and mold that can accumulate in the most hidden places of the washing machine and/or in areas that cannot normally be reached manually in just one empty washing cycle: rack, pump, circuits and pipes, filters, gaskets. Ideal to completely remove sources of bacterial growth, odours and mold, it ensures perfect washing machine cleanliness and leaves a pleasant scent.

OLFACTORY PYRAMID

Head: Lemon/ Bergamot/ Tangerine
Heart: Freesia/ Iris/ Orchid/ Peony/ Rose
Base: Ambergris/ Musk/ Vanilla

HOW TO USE

Shake well before use and use only when appliance is empty. After pre-washing, empty the entire contents of the bottle into the main basin and under the basket of the washing machine. Then select an intensive washing program and turn on the appliance. Do not use any additional detergent or product and let the wash program finish. For a sanitized washing machine, always in optimal condition, repeat the operation every two to three weeks.

WARNING

DANGER (below the pictogram) Causes severe eye damage. Contains: 3,7-dimethyloctan-3-ol. May cause an allergic reaction. IF IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Protect eyes/face. Immediately call a POISON CENTER or doctor/physician/...

OTHER INFORMATIONS

Notes. Read the instructions for use and follow the warnings. No responsibility can be attributed to the supplier for the results obtained and/or any damage to property or persons resulting directly or indirectly from improper or non-compliant use, as the method of application is beyond his control and/or verification. Always check the integrity of the product and its suitability for the specific case after prior testing.
